Carpathians
Abstract (100-300 words) The favorable conditions of natural conditions (geological
structure, relief, climate, water, soil and floral covering) of the
Pokutsk Carpathians - one of the most diverse natural and
economic regions of the Ukrainian Carpathians, for the
development of recreation and tourism have been analyzed.
The spatial distribution of attraction natural, including nature
protection, territories and objects is revealed. Landscape
