	<p><b>Dr. Pompilica Iagăru</b>  <i>Member of the Department</i>            Agricultural Sciences and Food Engineering            "Lucian Blaga" University of Sibiu</p> <p>Sibiu, Romania            Tel: +40-269-21-77-79            Email: <a href="mailto:pompilica.iagaru@ulbsibiu.ro">pompilica.iagaru@ulbsibiu.ro</a></p>
<b>Highest Education</b>	Doctor (Agronomy)
<b>Personal Statement</b>	<p>I have a PhD in agronomy, member of the department of Agricultural Sciences, Food Industry and Environmental Protection, within the Lucian Blaga University of Sibiu. In 1993 I graduated from the Faculty of Agriculture, and in 2005 I publicly defended my doctoral thesis entitled Research on the production of potato seed material in virus-free areas. In 2004 I graduated the master's program in Quality Management. In 2013 I completed with a certificate of postdoctoral studies The postdoctoral school for zootechnical biodiversity and food biotechnologies based on the ecoeconomics and bioeconomics necessary for ecosanogenesis</p>
<b>Paper/Presentation Title</b> <b>(Unpublished Research or Review or Field Work)</b>	<i>Sustainable Agriculture: Principles, design, implementation</i>
<b>Keywords</b>	Sustainable agriculture; Sustainable rural development; Environmental protection; Programs; Resources
<b>Abstract (100-300 words)</b>	<p>This paper aims to present the issue of sustainable development of the Romanian rural area and has as a starting point the certainty that the development of the Romanian countryside must be in accordance with global values and perceptions on the environment, agriculture and the role of tradition. Thus, the paper</p>

	deals with a unitary and coherent set of criteria and principles of sustainable development in relation to increasing the efficiency of the use of natural, energy, material and information resources. At the same time, the paper highlights the need to accelerate the concerns of the competent forums for the more obvious implementation of the programs for the sustainable development of the rural area.
